

First HOUR of Art Work designing FREE, additional hour rate \$25.

Note darks garments sometimes require white underbase and will have added cost. Note pricing is with standard inks. Special inks and special PMS colors are more.

To estimate cost add print cost to chosen garment cost. All pricing is subject to increase or decrease without notice here. Although invoice price is firm unless there is a change after order is orginally placed.

Maxium number of colors for our press is 6. CMYK process color is a great option for 4 or more colors. Photo pictures can be done with this setup. Best if done on white or light color shirts. Can be done on Black and dark color shirts, but a white underbase must be layed down first and flashed. CMYK on white shirts requires no flash. 2 highlight accent colors maybe added if need.

Print price is per location. Set up cost included into print price. (front, back, sleeve would be 3 location)

Special set ups, like for sleeves, zipper print overs, leggings etc. will have extra charges.

Color change for same design, per color \$15.

Brought items will have extra charge and those that come in individual bags and boxes will have added charges.
